

TO: All TIA ACC 2017 Wildwood Championship Directors & Parents
FROM: Tournament Indoor Association/National Judges Association
DATE: DECEMBER 1, 2016

YOUR COOPERATION AND SUPPORT IS REQUESTED!

Our annual championship memories, and future program books, depend on your assistance with a small courtesy – your cooperation with our professional photographer Jolesch.

Jolesch is partnered with Tournament to provide a professional quality photograph of your students following their final performance of the 2017 Tournament season. Our expectation is to allow the professionals to create a photograph worthy of publication and use for our future programs – and for your use throughout your schools and homes.

Parents and fans who push into and crowd the reserved photo area disrupt this process and cause delays and interference with the function of the photographers creating a memory for both you and your student. This interference must stop.

We ask that all extras – parents, fans, families - remain out of the photo area and staff members display courtesy and refrain from taking pictures within this area. Wildwood has numerous photo locations on the boardwalk, beach and the famous Wildwood sign available for your own personal posed pictures. Please allow the professionals from Jolesch use their space provided in the hall for their business.

We thank you in advance for your cooperation and support to provide Jolesch the opportunity to complete their business without interference.

TOURNAMENT – Bringing Performing Arts to Life

Tournament provides performance opportunities for competitive ensembles throughout the year in a positive and educational environment.
