

## TOURNAMENT INDOOR ASSOCIATION ATLANTIC COAST CHAMPIONSHIPS INFORMATION FOR UNITS PERFORMING AT MIDDLE TOWNSHIP HIGH SCHOOL

The competition floor at Middle Township HS is set up with the same flow (enter back left, exit back right, from the spectator perspective) as the convention center. This is the same format as used in 2016.

For unit planning, please see the EXIT DOOR/PATH details below:

*As you conclude your performance, you will exit the back right corner of the gym, which leads you through this entry way.*

*The height of this entry way is over 86 inches as shown above.*

*The width of this entry way is no greater than 48 inches as shown above.*

*The doorway visible in the photo above, as you pass through the entry way, is a smaller passage than the first entry way. Plan accordingly.*

*The height of the doorway is just over 83 inches.*

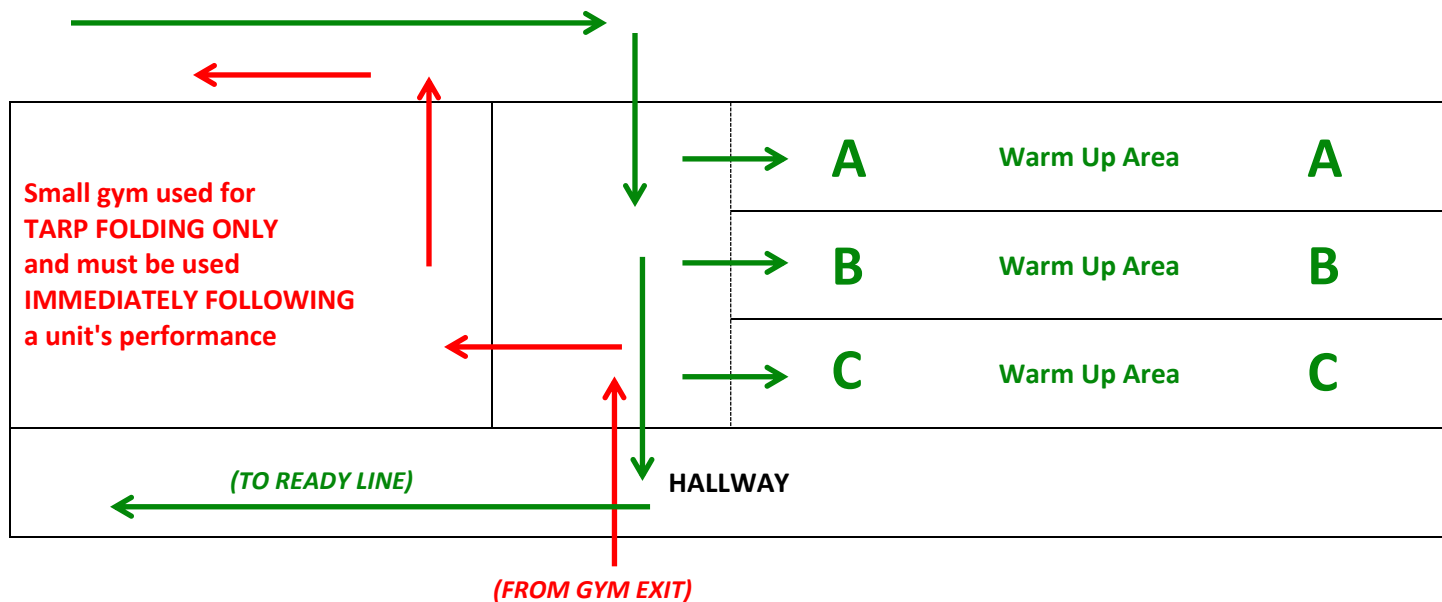

*The width of the doorway is no greater than 33 inches when the door is fully opened.*

## TOURNAMENT INDOOR ASSOCIATION ATLANTIC COAST CHAMPIONSHIPS INFORMATION FOR UNITS PERFORMING AT MIDDLE TOWNSHIP HIGH SCHOOL

The **warm up** area at Middle Township HS is set up with the same flow (A/B/C in main gym, with smaller gym now used for tarp folding IMMEDIATELY following a unit's performance) as used in 2016.

For unit planning, please see the **WARM UP/TARP FOLDING** details below:

An NJA volunteer will be supervising the warm up and tarp folding area. A schedule will be published showing the designated warm up areas (A/B/C) for units along with the warm up times. The schedule will be posted at the warm up entry door and the NJA supervisor will be responsible for coordinating the rotation. (If there is any change or delay, the supervisor will determine any adjustments to this schedule.)

Please be courteous as you enter/exit the warm up area. No music or loud clapping (same rules as convention center) is permitted in the warm up area. When exiting the warm up to move to the competition area, please be courteous and organized, and keep moving to clear access to the pathway which is also used as units exit the gym.

Upon completion of your performance, the unit will exit the gym through the doors shown previously. Continue straight back into the warm up area but immediately turn left and enter the small gym area, which is now designated for tarp folding. You **MUST** fold your tarp quickly and **IMMEDIATELY** move from this area to allow for the next unit's tarp to be folded. Continue to follow the path shown in red above, and immediately load the tarp and all props/equipment into your vehicle.
